

IF YOU CAN'T FIX IT . . .

WHY BRITAIN CHOSE TO LEAVE THE EUROPEAN UNION

ON June 23rd, a vote was held in the United Kingdom to determine if Britain should **Remain** in the European Union, or **Leave** it. (“Brexit” is a term that was created by linking the words “**Britain**” and “**exit**.”)

It was a fierce battle, but finally the LEAVE vote prevailed. To **Leave** 52%, against **Remain** 48%. And as expected, the economy and the stock markets have reacted adversely to this unnerving decision. A state of economic and political chaos is ahead, which could be short-term, but it could trigger chaos across Europe, and the Globe.

For many years now I have closely watched the E.U. evolving from 6 nations to 28, and have held a belief that there would eventually be an upheaval that would cause the conglomerate (mixed group) to unravel. And then, out of this disaster, the prophetic 10-nation confederation of the Beast could arise. This scenario now comes closer to fulfilment.

The vote against continuation was not about **short-term economics**. Rather, to the majority of Brits, the choice was about **long-term freedom**.

Michael Snyder, a well-informed journalist who warns about disasters and alarming world conditions explains:

“The EU is a horribly anti-democratic, bureaucratic monstrosity that is suffocating the life out of most of Europe, a little bit more each passing year. So if I was British, I would most definitely be voting to leave the EU.

The “leave” movement received a big boost recently when the English daily, *The Sun*, officially endorsed that position. The following is an excerpt from the editorial that announced this decision...

‘WE are about to make the biggest political decision of our lives. *The Sun* urges everyone to vote LEAVE. **We must set ourselves free from dictatorial Brussels. Throughout our 43-year membership of the European Union it has proved increasingly greedy, wasteful, bullying and breathtakingly incompetent in a crisis.** At the ballot box, we can correct this huge and - historic mistake. It is our last chance. Because, be in no doubt, our future looks **far bleaker** if we stay in.’

Snyder says: “I must say that I agree entirely with *The Sun*. However, everyone needs to understand that a Brexit would be incredibly painful for the UK and for the rest of Europe in the short-term. There is a very strong probability that financial markets all over Europe could horribly crash; and the European Central Bank and the Bank of England are already promising to provide artificial support for the markets if that happens.

“Before the vote officials with knowledge of the matter told *Reuters*: **“The European Central Bank will publicly pledge to backstop financial markets in tandem with the Bank of England, should Britain vote to leave the European Union.”**

“The preparations illustrate the heightened **state of alert** ahead of the June 23 referendum, which will help determine Britain’s future in trade and world affairs and also shape the EU. Before the vote, the pound and euro lost value on **fears** that a Brexit could tip the 28-member bloc into **recession.**”

Now we must watch developments very closely. In the shadows, somewhere in Europe, **Mr FIXIT**, the Man of Sin – The Beast, Antichrist - is waiting the moment for his spectacular appearance.

The Apostle Paul reveals facts about the Beast who is to come, in

2 THESSALONIANS 2:1-12

“Now concerning the coming of our Master, Y'shua the Messiah, and our gathering together to (*meet*) Him, brethren, we ask you not to be quickly shaken or alarmed by some prophecy, or report, or a letter (*alleged to be*) from us, to the effect that the Day of the LORD (*the Tribulation*) has already begun.

“Let no one deceive you in any way, for that Day will not come unless the apostasy, (*the falling away*), comes first, and the **Man of Lawlessness** (*the Beast*) is revealed, the **Son of Destruction**, who opposes and exalts himself above everything that is called God or that is worshipped, so that he takes his seat in the temple of God (*in Jerusalem*), proclaiming that he himself is God. ... And you know what is restraining him now, so that he may be revealed at the proper time.

“For the mystery of iniquity *and* lawlessness is already at work; but He (*the Holy Spirit*) who now restrains will do so **until He is taken out of the way** (*at the Rapture*). And then the lawless one will be revealed, whom the Lord will slay with the breath of His mouth and bring to an end by the glory of His coming; that is, **the one whose coming is in accord with the activity of Satan, with great power and with all kinds of signs and counterfeit miracles, and with all the deception of wickedness** among those who are perishing, because they would not receive the love of the truth which could have saved them.

“And for this reason, God will send upon them a powerful delusion so that they will believe what is false, in order that they all (*unbelievers*) may be condemned, who did not believe the truth, but took pleasure in wickedness.”

From this passage we can see the order of coming events.

1. THE PRESENT TIME

2. THE APOSTASY (departure of many from the faith – as we see today).

3. THE RAPTURE (Y’shua the Messiah catching His people up to meet Him.)

“The Master Himself will descend from heaven with a shout, with the voice of the archangel, and with the trumpet *call* of God. Then **the dead in Christ** - *those who died with faith in the Messiah* - **shall rise first**. Then we, the living *believers* who remain, will *simultaneously* be caught up together with them in the clouds, to meet the Master in the air. And so we will be with the Master for ever.” (1 Thessalonians 4:16-17)

4 THE REVEALING OF THE MAN OF SIN

5. THE GREAT TRIBULATION OF 7 YEARS

This begins from the moment a 7-year treaty, arbitrated by the Man of Sin, is signed.

6. GOD JUDGES THE WORLD

“For He is coming to judge the earth. He judges the world in righteousness.” (Psalm 98:9)

“Behold, the Lord (Y’shua) is coming with thousands upon thousands of His holy ones, to execute judgment upon all, and to convict all the ungodly of all their ungodly deeds.” (Jude 14-15)

SO ... BE ON THE ALERT & HOLD FAST !

“Be on the alert, for you do not know which day your Master is coming.”
(Matthew 24:42)

“Hold fast until I come.” (Rev 2:25) “I am coming quickly - *soon!* Hold on to what you have, so that no-one may deprive you of your crown.” (Rev 3:11)

Now my dear reader, I have a very big conundrum – **a very big jigsaw puzzle**. Maybe you could help me solve it. There must be at least 500 pieces in this puzzle. To make a start, I will mention just 22 pieces of the puzzle below. Some of the pieces are falling into place. But there is still much confusion.

**“THE MIDDLE EAST” -
WHAT A CONUNDRUM !**

Now my reader, the Syrian war is a mixture of interests and conflicts which makes it one huge conundrum - a very difficult problem that's almost impossible for anyone to solve. But the Heavenly Master can! And will!

1. There's the Bashar Assad Alawi (Shi'ite) regime which is backed by the Syrian Army and also by Russia, Iran, and Hizb'ollah. The battle is to keep Bashar Assad in power – for each one's own interests, of course.
2. There's the opposition Sunni forces, which are a number of differing groups. Some are backed by Turkey, Saudi Arabia, Egypt and Gulf nations who want regime change – **“ASSAD OUT!”**
3. There's ISIS which is made up of tens of thousands of radical Islamists from many countries including the West, China, and the Middle East. For the past 2 to 3 years it has controlled about a third of the territory of Syria and Iraq.
4. Major battles are underway to expel ISIS forces from **Fallujah** in Iraq, **Alleppo** and **Raqqa** in Syria. And allied forces are being prepared to retake the city of **Mosul** (Nineveh) in North Iraq.
5. As ISIS loses ground in one place, it seeks to attack and take territory elsewhere.
6. ISIS has established a stranglehold on much of Libya. A western-led force is supporting a newly-elected “unity government,” and is seeking to dislodge ISIS from that country.
7. There's the Kurds of northern Syria and Iraq, who are mostly fighting ISIS, but they themselves are being attacked by Turkey.
8. Russia is fighting against ISIS, but it is also fighting against the opposition Sunnis.
9. Turkey and Russia are clashing, as they support opposite sides, and various crises between themselves.
10. Saudi Arabia is in conflict with Iran, and this is expressed in Yemen, the Saudis' southern neighbour, where the Sunni Saudis are fighting Shi'ite Houthis.

11. The US is fighting ISIS by supporting various opposition Sunni and Kurdish groups with air cover. The US now wants Assad to be ousted - after new elections.
12. Israel is inevitably drawn into the conflict as Iran and Hizb'ollah threaten Israel from southern Syria.
13. Israel is being threatened from the south, by ISIS in Sinai, and also by Palestinian groups such as **Islamic Jihad** supported by Iran.
14. Hamas in Gaza, and Hizb'ollah in Lebanon are both **digging tunnels** under their borders **into Israel**, preparing for an "ultimate battle."
15. Jordan is being threatened by ISIS, and by an increasing Palestinian population, and it has been impacted by a half million Syrian refugees.
16. NATO, including the US, is locked in rapidly increasing tensions with Russia, as witnessed in Ukraine; and also with the NATO build-up of weapons and troops near Russia's borders, and the big military "game" in Poland.
17. The extreme conditions in Syria have created waves of refugees who are fleeing, and seeking refuge in Europe, Britain, US and Australia. This has led to massive crime in some of these destinations.
18. Along with the refugees, **thousands of jihadists** have been sent to kind-hearted destinations, to prepare for Islamic extension and conflict there. The ultimate goal is a worldwide Caliphate.
19. Behind the military conflicts, the tumult and destruction, there are the oil and gas wars. For instance, Qatar's massive gas production. Their goals of exporting gas to Europe by means of pipelines running through Syria and Turkey have been frustrated by Bashar Assad. So there's oil price manipulation downward - an attempt to adversely impact the adversaries.
20. In the centre of the Middle East conundrum is Israel, threatened not only by **ISIS, Iran, Syria, Lebanon** and **Gaza**, but also by the majority of the members of the United Nations. France is at present leading a new push for a new international conference, with the demand that Israel withdraws to its pre-1967 borders – that's the price for peace between Israel the Arabs!!
21. Behind it all, there are the preparations for a **world war**, which will cripple the nations, and pave the way for a New World Order, and for the coming world dictator – the Beast – **Antichrist. (Mr FIXIT.)**
22. Behind the countless events in the Middle East, and around the world, there is a **Satanic conspiracy** unleashing spiritual forces of wickedness with the goal of preparing the world stage for the Man of Sin, the Antichrist.

Do you want to know anymore?

"No"? Well, let me first give you a some good news ...

SAUDI ARABIA:

MUSLIMS TURNING TO CHRIST DESPITE PERSECUTION

Although Saudi Arabia is a predominantly Muslim country that is hostile to Christians, many in the country are accepting Jesus Christ, and receiving support for their faith online.

According to *ChristianToday.com*, there are now about **1.4 million Christians living in Saudi Arabia**. Although this is only 4.4 percent of the country's total population, it is up from only 0.1 percent just over 100 years ago.

Islam is the official state religion and those who reject it -- whether Christians, atheists, or those of any other religion — are often severely persecuted. Saudi Arabia "remains uniquely repressive in the extent to which it restricts the public expression of any religion other than Islam."

Despite these barriers to faith, the numbers of those choosing to put their faith in Christ are increasing. - *ChristianHeadlines.com*. May 31, 2016 Praise the Lord!

Now I must share with you some details of the **satanic conspiracy** I referred to in point 22 above. The . . .

ALARMING ENDTIME SATANIC CONSPIRACY

On top of the mixture of wars, terrorism, social issues, collapsing morality, trade wars, threatening economic collapse, apostasy and spiritual decline, there is a huge demonic battle under way that will eventually bring in a global nightmare.

It is as shocking and blatant as it is real! - a worldwide satanic battle to deceive the nations, and to coerce the nations into compliance with the Illuminati scheme to 'prepare the way' for **Mr 666** and his hordes of darkness; and thus, to enslave the world in chains of gross darkness – 7-years of "hell on earth."

To get an idea of some of the satanic inroads, take note of a few events.

THE TEMPLE OF BEL (Baal) IN PALMYRA

Palmyra in Syria was captured by ISIS troops in 2015. The Temple of Baal was almost totally destroyed by ISIS. Only the entrance arch was left standing. But after the recapture of Palmyra, modern occultists financed the making of two replicas of the Bel Arch. They were erected on April 19, 2016, simultaneously in London's Trafalgar Square, and in Times Square in New York.

The temple of Bel (Baal) in ancient times was a satanic stage where child sacrifice was carried out.

THE GOTTHARD BASE TUNNEL IN SWITZERLAND

This newly completed tunnel is over 57 km long; it took 17 years to complete, and cost over 11 billion Euros. It is the world's longest and most expensive tunnel project in history.

At the official opening ceremony of the tunnel, European leaders such as Chancellor Angela Merkel of Germany, President Francois Hollande of France, and the Italian Prime Minister, were treated to a disturbing show where a man dressed as a goat, presided over a strange ritual. It was a dark, disturbing, weirdly

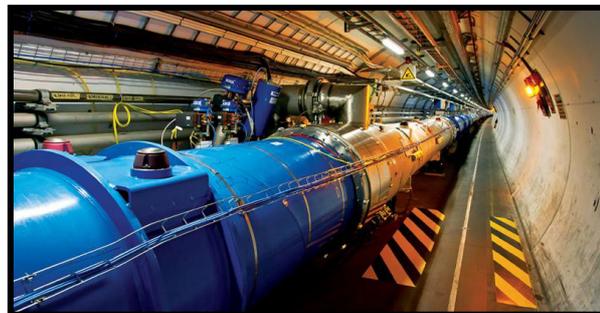

satanic ritual. The "goat-man" that played such a key role in this performance bore a striking resemblance to *Baphomet*, which in recent decades has become one of the key symbols used to represent **Satan** in the occult community.

That is why the fact that this "goat-man" was the central figure of this opening ceremony was so deeply disturbing. The first part of the ceremony was held underground, and as *TruNews* has detailed, the "goat-man" died, was resurrected and was worshipped during this portion of the performance. The rest of the performance is so weird it is best not to describe it.

THE CERN ATOMIC COLLIDER IN EUROPE

The Large Hadron Collider (LHC) is the world's largest and most powerful **particle accelerator**.

It was built by the *European Organization for Nuclear Research* – CERN - by a collaboration of over **10,000** scientists and engineers from over 100 countries, as well as hundreds of universities and laboratories. It lies in a tunnel 27 km in circumference, and 175 metres beneath the **France–Switzerland border** near Geneva.

THE LARGE HADRON COLLIDER

It first started up in Sept 2008, and remains the latest addition to CERN's accelerator complex. The LHC consists of a 27-kilometre ring of superconducting magnets with a number of accelerating structures to boost the energy of the particles along the way.

It took thousands of scientists, engineers and technicians decades to plan and build, and it continues to operate at the very boundaries of scientific knowledge.

Inside the accelerator, two high-energy particle beams travel close to the speed of light before they are made to collide. The beams travel in opposite directions in separate beam pipes – two tubes kept at ultra-high vacuum. They are guided around the accelerator ring by a strong magnetic field maintained by **superconducting electromagnets**.

The electromagnets are built from coils of special electric cable that operates in a superconducting state, efficiently conducting electricity without resistance or loss of energy. This requires chilling the magnets to -271.3°C – **a temperature colder than outer space**. For this reason, much of the accelerator is connected to a distribution system of liquid helium, which cools the magnets, as well as to other supply services.

THE PURPOSE? “The LHC's aim is to allow physicists to test the predictions of different theories of particle physics, high-energy physics and in particular, to further test the properties of the Higgs Boson and the large family of new particles predicted by super-symmetric theories, and other unsolved questions of physics, advancing human understanding of physical laws.” – Wikipedia

CERN is openly looking for **the keys to unlock the universe**. But why have they installed a statue of the “god of destruction” outside the headquarters of CERN in Switzerland? This brings to memory the word of YHWH, the Lord of Eternity, about the tower of Babel. God said:

“Look! they are one people, and they all have the same language. And this is only the beginning of what they will do; and now nothing that they propose to do will be impossible for them.” (Genesis 11:6)

CERN has been featured at the occult “festival” of ...

TOMORROWLAND

Tomorrowland is a massive electronic entertainment festival that began in 2005 in Belgium. It started as a rather small festival, but quickly grew in popularity to include thousands of participants. Young people from all over the world now come to this event. 400,000 were in attendance last year during the three-day event in July. This year it is expected to be even larger.

Last year **400,000 “Full Madness” Passes** sold out in 40 minutes, with no billboards or organized advertising. Word of mouth was sufficient to fill the event to the brim. 25 airlines set up special flights to carry participants to and from the event from around the world.

In 2013 Brussels Airlines set up special flight packages for those coming to the event from more than 67 cities around the world. 214 different nationalities were represented at the event. Last year 400 disc jockeys participated to create a **soul-seizing** environment, and a constant flow of electronic stimulation. *Tomorrowland* is turning its participants into **One Worlders**, who will unify with a **singular global leader**. This event is no small thing.

In the past few years the *Tomorrowland* festival has stretched out to include satellite sites around the globe. Last year’s event linked a *Tomorrowland* site in **Mumbai**, and a site in **Mexico City**, and to a site in **San Paulo, Brazil**, with the event in Belgium.

Back in September of 2013 the first **American version**, called *TomorrowWorld* was held at the Bouckaert Farm in Chattahoochee Hills, Georgia ... 48 km southwest of Atlanta. In 2014, 160,000 people attended that event.

The 2015 Atlanta event was hit by seriously rainy weather, causing the final day to be a washout. (Praise the Lord!).

Some former hippies might say this is just a good time ... a gathering of friends to celebrate a carefree summer with lots of music (something like Woodstock in New York in 1969). NO! IT IS NOT! The organizers of this event are working

on a very deliberate program to entrap the hearts and minds of participants. It is, at its heart, a bold move by the global elite, and by occult powers, to seduce the people of the world into a posture of total rebellion against YHWH, while opening the gates of the pit to invite the forces of hell to take up residence upon the earth. The main theme of this agenda is UNITY.

On the centre stage of *Tomorrowland* is a huge glowing spinning replica of the **CERN Hadron collider gate**. Do you think there is any possibility of hypnosis or mind control going on in this? Also on stage is a giant mirror in which the digitally created image of the “goddess of destruction” appears and speaks to the crowds. These messages were seductively spoken over the masses of eager participants.

As helicopters flew overhead, and as beacons of coloured lights flashed across the night sky, a deep, powerful, male voice said:

“People of Tomorrow, as a new chapter unfolds, you will learn about ONE MAN, who knew the mysteries of the universe from within. Because of his vision, a great work was completed (CERN). With its sacred key, the machine can forge unique experiences continuously. Humanity can be reborn. The heartbeat of this device can be felt by you all.”

(THIS WAS BEING SPOKEN AS THE IMAGE OF THE CERN MACHINE REVOLVED IN FRONT OF THE CROWDS).

As *the mirror* lit up, and the face of **the goddess** appeared, a sweet, seductive, mesmerizing, female voice said:

“There is so much that can come between people. This can be healed by the expression of pure unity. Hold up your wristbands so that we can witness this illumination together.”

Simply put, *Tomorrowland* is an organized effort to cause the people of the earth to call forth the **anti-Christ** ... even to pledge allegiance to Lucifer (the Angel of Light ... the Illuminated One), himself. Consider what the male voice said: **“You will learn about one man, who knew the mysteries of the universe from within.”**

Lucifer, the cast down archangel was an insider of heaven ... he once walked among the sacred stones in Heaven at the beginning. In the *Tomorrowland* scenario, Satan is being portrayed as the **man of vision** and the author of the CERN project which is designed to open the portal between the second heaven and earth, so that the demons can invade the Earth.

According to the Scriptures, **if the people of the earth unify, they can do anything**. In Gen. 11:6, Yahweh said:

“Behold, they are one people, and they all have the same language. And this is what they began to do, and now nothing which they purpose to do will be impossible for them.”

The dark powers want to have the human race reborn into a **new value system**, and under a **new authority**, one which our Scriptures tell us will be the direct opposite character and kingdom from the character and Kingdom of YHWH.

Read again—2 Thessalonians 2:1-12—on pages 3 & 4.

UNITE - THE MIRROR TO TOMORROWLAND

(text from one of the *Tomorrowland* websites)

Here is the advertisement posted on the Israeli Tourism site:

“The king of all electronic music festivals, *Tomorrowland*, is taking place for the first time in Israel this summer! **UNITE The Mirror to Tomorrowland** is an international event taking place simultaneously in 7 countries (Germany, India, Israel, Japan, Mexico and South Africa) mirroring the father event, the Belgian festival which has become a **cult** amongst electronic music fans. Local DJs will open the event, for a **psychedelic night** of partying uniting thousands of people around the world. **UNITE The Mirror to Tomorrowland** takes place at the Payis Arena in Jerusalem, on July 23, 2016. Tickets are on sale for 149 NIS.”

Readers, People of God, the occult level and the power of this threat cannot be under-estimated. It is not a conspiracy **theory**. It is a Bible-prophesied **reality**. It is at the door.

- We cannot close our eyes and hope it goes away.
- We cannot blindly disbelieve what is being shown to us.
- We cannot panic, nor be consumed with fear or with fatalism.
- We cannot rush to our kids or to our grandkids and pour out all the information as a massive overload in an effort to save them.
- We cannot take a sceptical, wait and see attitude.

**WE MUST NOT DELAY. WE NEED TO PRAY AND TO BE INFORMED!
WE MUST UNITE IN THE HOLY SPIRIT AND SEEK SPIRITUAL
WARFARE STRATEGIES! WE MUST PARTICIPATE IN
WHATEVER THE LORD CALLS FORTH.**

First, cover yourself, all your loved ones, and everything pertaining to your life, with the blood of Yeshua the Messiah. (That means, to maintain your faith and adherence to the **redemptive work of Christ** on the cross.) Do it daily, and put on the armour of the Lord each day.

“Put on the **whole armour of God**, that you may be able to stand firm against the schemes *and strategies* of the devil. **For our struggle is not against flesh and blood, but against the principalities, against authorities, against the world-rulers of the darkness of this age, against the spiritual forces of evil in the heavenly places.**

“Therefore take up the full armour of God, that you may be everything, to **stand firm**.

Stand then, having fastened the *Belt of Truth* around your waist, and having put on the **Breastplate of Righteousness**, and having put shoes on your feet in **preparation and readiness to proclaim the Good News of Peace**; above all,

having taken up the **Shield of Faith** with which you will be able to extinguish all the flaming missiles of the evil *one*. Take also the **Helmet of Salvation**, and the **Sword of the Spirit**,

which is the Word of God, praying in the Spirit at all times, with every prayer and supplication. To this end, **keep alert and watch with all perseverance, interceding for all the set-apart people of God.**” (Ephesians 6:11-18)

Check out the facts about *Tomorrowland* and get informed. You have to personally KNOW that this is real. Get confirmation from YHWH that this is the truth, and this is the time.

We need to pray and fast as the Lord directs. Keep in mind that we must pray in the Name of **Yeshua Ha Mashiach** or **Jesus the Christ**. The power is in the **full Name and divine title**.

Listen to what the Lord is saying about His strategy for taking down strongholds.

“For though we walk in the flesh *as human beings*, we do not wage war according to the flesh *by using carnal and physical weapons*; for the weapons of our warfare are not carnal *and physical*, but mighty in God for overthrowing strongholds, *for refuting* arguments and casting down every proud *and lofty* thing raised up against the knowledge of God, and *for capturing* every thought, *and bringing it into obedience to the Messiah.*” (2 Corinthians 10:3-5)

Hear, listen, obey precisely! Simply “asking prayers” will not take down this threat. Intense intercession and focused spiritual warfare will be required.

“Do not give the devil an opportunity.” (Ephesians 4:27)

“Submit therefore to God. Resist the devil
and he will flee from you.” (James 4:7)

Search the scriptures for decrees and declarations as well as for proven strategy. Know the promises of Yahweh, and discern the season and timing of their application. Cover in prayer those who are battling this threat on the front lines. Ask for the wisdom of your Heavenly Master in all of this. □

NEWS REPORTS

NOW, before I share some alarming reports and signs that are happening out there right now, let me remind you of the prophetic Word.

“You will be hearing of wars and rumours of wars, but see to it that you do not become frightened. All *these things* must happen first, but the end is not yet. Nation will rise against nation, and kingdom against kingdom.” (Y’shua, in Matthew 24:6-7)

“The people of the (*endtime Roman*) ruler who is to come will destroy the city and the sanctuary. The end of it will come like a flood. There will be war until the end; and desolations have been decreed.” (Daniel 9:26)

“But evil men and imposters will go *from bad* to worse, deceiving and being deceived.” (2 Timothy 3:13)

“And just as it happened in the days of Noah ... it will be just the same on the day that the Son of Man is revealed.” “Now the earth was corrupt in the sight of God, and the earth was filled with violence.” (Luke 17:26, 30. Genesis 6:11)

WATCH TURKEY,

and the Turkic-speaking peoples of Central Asia --
Beth-Togarmah. (The ‘House’ of the Turkomans.)

They are destined to become major partners with Rosh in the coming invasion of Israel. Ezekiel prophesied:

“O Gog, chief prince of Rosh, Meshech, and Tubal. I will turn you around, put hooks into your jaws and bring you out with your whole army ... Persia (*Iran*), Cush (*Sudan - Ethiopia*), and Put (*Libya*) will be with them, ... all with shields and helmets; Gomer (*Galatia in Turkey*) ... and the **House of Togarmah** from the far north with all its troops - many nations with you.” ... “After many days you will be summoned; in the latter years you will invade the land that has recovered from the sword, whose people have been gathered from many nations to the mountains of Israel which had long been desolate.” (Ezekiel 38:4-6, 8)

TURKEY IS PREPARING AN OFFENSIVE OPERATION IN NORTHERN SYRIA

While the world society is trying to reach a peace treaty in Syria, Turkish leaders are planning large-scale operations involving oppositional fighters and radical groups

The people of Syria are tired of war and havoc. However, the current situation doesn't suit the main sponsors of the "Syrian revolution", i.e. Turkey, Saudi Arabia and Qatar, which had already planned how the country would be divided between them.

Turkey is interested in carving up **Syria** most of all. The most attractive "piece" for Erdogan, is Northern Syria with its former economic capital Aleppo. The seizure of the Northern territories would be a step forward in his plan to resurrect the Ottoman Empire that he is dreaming about. That is why the seizure of Aleppo is a strategic goal for Erdogan and his partners.

The Turkish government has been supporting Syrian militants during the whole conflict. As the Egyptian news site *El-Badil* reports, the Turkish government was supplying the Syrian opposition with money and food. It also allows militants from terrorist groups fighting in Syria to freely cross the Turkey-Syria border.

Turkey's support for Syrian militants, i.e. financing and training, is included in the US secret program *Timber Sycamore*, the *New York Times* reported in January, 2016. (www.nytimes.com/2016/01/24/world/middleeast/us-relies-heavily-on-saudi-money-to-support-syrian-rebels.html) According to the journalists of the newspaper, Turkey has been sponsoring Syrian terrorists since 2013.

It's obvious that the cease-fire in Syria is absolutely dis-advantageous for Turkey's leaders who have contributed so much to overthrowing Bashar Assad. Now, the most important point of the face-off is the Aleppo province. As locals say, more than 1000 terrorists arrived there from April to mid-May.

The fighters were accompanied by trucks with arms and ammunition and off-road vehicles with large-calibre machine guns. Notably, the vehicles' deployment is covered by Turkish artillery, regularly shelling Syrian border regions from the Turkish side. It's clear that all these actions are the evidence of the fact that terrorists are preparing a large-scale offensive in Aleppo.

There's no doubt that the attack on Aleppo is a part of the war being implemented by Turkey in Syria. The artillery shellings of Syrian territories, and the support for Syrian terrorists, Turkey says is "a fight against ISIS." And the Turkish government justifies Erdogan's desire to seize Northern Syria by claiming that it is just an attempt to create the so-called "safety zone" for refugees.

MAY 31. There are international news reports that claim Turkish military forces have entered Syrian territory and have established positions near the towns of Azaz and Afrin.

TURKEY ~ RUSSIA CONFLICT HEATS UP

MAY 31. In a new row over Syria and Iraq, the Turkish Foreign Ministry said that heavy air strikes carried out by Russian jets on a hospital and a mosque in Idlib had killed more than 60 civilians and injured around 200 people. Russia denied the charge, and made a counter **demand that Turkey withdraw its troops from Iraq.**

Turkey's President, Tayyip Erdogan accused Moscow of transferring weaponry to **the Kurds** via Iraq and Syria. "At this moment, the separatist terrorist organisation is equipped with anti-aircraft guns and missiles supplied by Russia," he said.

TURKEY WAVERS ON ISLAMIC STATE FIGHT AMID RISING TENSIONS WITH U.S. ALLIES

Even as US, Iraqi and Kurdish forces make significant gains against the Islamic State in Iraq and Syria, rising friction between Turkey and America's key regional allies threatens to scuttle the hopes of coalition forces to drive the terrorist group from the region.

TURKEY ANGERED BY GERMANY DECLARING ARMENIAN DEATHS A GENOCIDE

The German Parliament has overwhelmingly adopted a symbolic resolution declaring the killings of Armenians by Ottoman Turks in 1915 a genocide, a statement that strains relations with Turkey at a time when the European Union urgently needs Turkey's help in managing the migrant crisis.

Norbert Lammert, the president of the German lower house of Parliament, kicked off the debate with a clear message: "Parliament is not a historians' commission, and certainly not a court." He added that the current Turkish government "is not responsible for what happened 100 years ago, but it does have responsibility for what becomes of this, in present times."

ERDOGAN SAYS TURKEY MAY ABANDON EUROPE AMID CRISIS AFTER GERMAN 'BLACKMAIL' ON ARMENIAN GENOCIDE

The Turkish president has threatened to "leave" Europe to deal with its migrant crisis alone, saying that Germany has "blackmailed" Ankara by recognizing the Armenian Genocide. He also called out the Germans over **their "history" of mass killings.**

TURKEY PLANS MOSQUE BUILDING PROGRAM AROUND THE WORLD

If he could have his way, there would probably be an Islamic mosque for every street on earth in no more than a few short years.

Turkey's PM Recep Erdogan seeks to create the image of an Islamic civilization on the rise once again - a **revived Ottoman Empire** of sorts - with the Turks acting as the vanguard of this revival. To that end, Erdogan is relentlessly pursuing a very aggressive and ambitious mosque-building program virtually all over the world.

Giulio Meotti, an Italian journalist with *Il Foglio* recently reported on Erdogan's passion for building mosques in Europe. "Since he took power in Turkey, Mr. Erdogan has built **17,000** Islamic prayer sites."

The Turkish president is committed to the construction of **mosques in European capitals** as well. In the words of Erdogan, "**the minarets are our bayonets, the domes our helmets, the mosques our barracks.**"

Next summer, Mr. Erdogan will be in **Amsterdam** at the opening of the famous "Westermoskee," the mega mosque in the Dutch city. 2,500 people will pray there every Friday. Recently, Erdogan financed the largest mosque in the Balkans in **Tirana**, before flying to the US to inaugurate a mega mosque in **Maryland**.

In Gaza, Erdogan has pledged to rebuild **Palestinian mosques** damaged during the last war between Israel and Hamas.

The Turkish government is also financing **thirty places of worship in Switzerland**. In Bucharest, there is a controversy about the great mosque that the Turks are funding in the Romanian capital.

To build these mosques, at home and abroad, Erdogan has expanded the *Diyanet*, the Ministry of Religious Affairs of Turkey, which has a budget of two billion euro, equal to twelve ministries combined, and **120,000 employees** (there were 72 thousand in 2004).

As revealed recently by the *Frankfurter Allgemeine Zeitung*, **Turkey controls 900 mosques in Germany**. These mosques and imams have a **big influence on German public opinion**. "Europe is the new land of conversion." - www.prophecynewswatch.com/

TURKEY & ISRAEL TO NORMALIZE RELATIONS

JUNE 27. After six years of conflict, PM Netanyahu and Turkish PM Binaldi Yildirim met in Rome and signed a **reconciliation** agreement. Netanyahu said the agreement would have positive economic effects for both countries.

"This is an agreement of **strategic importance** for the State of Israel. Cooperation will include joint military exercises, and investments in energy and defence.

Regarding Gaza, Israel has agreed to allow construction of a **hospital** financed by Turkey and will not prevent the passage of medical equipment and Turkish staff. Turkey and Germany will build a **power station** in the Gaza strip and Turkey will also build a **desalination** plant. All Turkish aid for Gaza will

undergo strict security checks at Ashdod port. In exchange, **Turkey has withdrawn its demand that Israel lift the blockade on the Gaza strip.**

RUSSIA IS PAVING THE WAY FOR A MAJOR RE-ESCALATION IN SYRIA

Russian FM Sergei Lavrov told reporters that Russia would provide "the most active" support to the Syrian army to keep the strategic city of Aleppo and the surrounding area from falling into the hands of "terrorists ... What is happening in and around Aleppo now, is what we had warned the Americans about beforehand - and they know it: that we will in the most active way, support the Syrian army from the air and not allow the seizure of this territory by terrorists," Lavrov said.

'RUSSIAN BEAR' TU-142M versus USS TRUMAN – NAVAL STRIKE FORCE

Western naval officials report that one day after the aircraft carrier *USS Truman* and its strike group attacked ISIS targets from the Mediterranean, the advanced Russian reconnaissance airplane, the TU-142, nicknamed '*Russian Bear*' was stationed in Syria. Western aviation experts say that the Russian plane was seen flying over the battle areas in Aleppo, Syria.

This is the first time, since the Russian military involvement began in Oct. 2015, that a Russian reconnaissance airplane of this type is seen in the area. The plane has an ISR (Intelligence Surveillance Reconnaissance) platform that is able to collect data on targets and direct the Russian bombers. The assumption is that the Russians brought the plane to Syria to observe the US naval force.

RUSSIA ~ ISRAEL RELATIONS

RUSSIA AND ISRAEL ARE "TRUE ALLIES" IN THE FIGHT AGAINST TERRORISM

JUNE 7. President Putin and Israeli PM Netanyahu have held a joint press conference in Moscow. Putin said that Russia and Israel are "true allies" in the fight against terrorism.

"We talked about the need to jointly fight against international terrorism. Israel knows by first-hand experience what it is to fight against terrorism. In this sense we are true allies, our countries have enough experience in the fight against extremism. We will boost contacts with Israeli partners in this sphere," Putin said.

FIRST EVER ISRAELI-RUSSIAN WAR GAME IS COMING

Vladimir Putin and Benjamin Netanyahu decided at their June 7 meeting in Moscow, to deepen the military ties between the Russian and Israeli armed forces, our military and intelligence sources report. – DEBKAfile

It was an **historic** [and highly prophetic?] **decision** that spells **the end of the IDF's** (Israel Defence Force) **unique relationship with the US military**.

The head of the IDF's military intelligence branch, and *Mossad* chief also participated in the meeting.

Putin and Netanyahu decided that **a joint exercise by the Israeli and Russian naval and air forces will be held this summer** as part of the **first stage** of expanded ties.

It will mark **the first time in modern Middle East military history** that Russian military planes **take off from an Arab country**, (Syria), and Russian warships sail out of their bases in Tartus and Latakia, for joint manoeuvres with the Israeli air force and navy.

Ahead of the exercise, Israeli military sources said that the joint mechanism that co-ordinates Russian and Israeli air flights in Syrian airspace will be expanded.

THE CATCH. According to those sources, the bilateral decision for the joint war game was tied to an agreement to **allow Russian gas companies to compete for contracts to develop Israel's Leviathan and Tamar offshore gas fields**.

ISRAEL AGREED:

RUSSIAN COMPANIES MAY DEVELOP ITS GAS FIELD

"Israel has no legal limits of for participation of Russian gas companies in developing the country's gas fields," Netanyahu said during a joint press conference with Putin. "There was a problem limiting us in the development of gas fields with all companies, with its resolution allowing us to broaden and develop our gas fields with any company. We were able to resolve the problem, so **our doors are open now to all companies from all countries that have substantial experience in developing gas fields, including Russia, of course.**"

Putin had tried, **repeatedly, to win a foothold** for Russian companies, especially energy giant *Gazprom*, in the development of Israel's offshore gas fields and export industry.

The Russian leader tried to convince Netanyahu by saying that the presence of the Russian navy and air force in the area **would guarantee that no Arab or Muslim military force, such as Iran, Syria and Hizb'ollah, would attack the gas fields**.

[Comment: hmmm. maybe ... until the Biblical time arrives? Then they will come down for a 'spoil'].

WHAT CO-OPERATION CAN MEAN

DebkaFile continues: Our military sources point out that increased co-operation between the navies of the two countries could serve as a basis for regional and

economic co-operation and for the defence of any future *Gazprom* energy infrastructure in the Mediterranean.

In the long term, the combination of Russia's massive warships and Israel's smaller and faster vessels built for rapid response to any attack along its coast, may provide an **effective defence of energy assets in the Mediterranean basin**, especially in the region of Cyprus, Greece, Turkey and Israel.

These assets would include shipping routes, drilling platforms, gas pipelines and undersea optic cables, among others. Alongside the advantages, **co-operation** with a world military power like Russia holds operational, intelligence, tactical and **strategic risks**.

[Comment: It surely does ... but in the end only the God of Israel will be able to save them from the coming betrayal by these northern and surrounding nations].

Although the joint exercise will be of limited scope, it needs advance preparation, a careful division of tasks, missions and resources, assignment of flight paths and sea routes, and goals pre-set as benchmarks for measuring the joint drill success.

Radio and other communication networks must be set up and the degree of intelligence sharing determined. Both the Russian military and the IDF appreciate that this shared manoeuvre may result in **mutual exposure of some of their military secrets**.

To play it as safe as possible, Putin and Netanyahu decided to hold their joint exercise **high in the sky and far out at sea**, in an effort by both to guard their military secrets **as far as possible**. - DEBKAFfile, June 11, 2016

This sudden development brings us that much closer to the **Time of Jacob's Trouble** when Israel will be attacked by those she decided to trust?

“After many days you (Rosh) will be summoned; in the latter years you will **invade the land** that has recovered from the sword, whose people have been gathered from many nations to the mountains of Israel which had long been desolate.

“Its people had been brought out from the nations, and now all of them are living securely. You and all your troops and the **many nations with you** will go up, advancing like a storm; you will be like a cloud covering the land.” (Ezekiel 38:8-9)

WHAT'S BEHIND NETANYAHU'S BUDDING RELATIONSHIP WITH PUTIN

It's no secret that the Israeli PM has a **thorny personal relationship** with the leader of his country's closest ally, **President Obama**. There is a long list of public comments showing that there is no love lost between these two. That's why it's **no big surprise that Netanyahu undertook another trip - his third since September - to Moscow**, to meet with Russian President Vladimir Putin.

The trip was meant to mark **25 years** of bilateral relations between Israel and Russia, but, as many in both countries pointed out, **it also indicated that a cordial friendship was blooming between Putin & Netanyahu.**

Writing in the Israeli daily *Ha'aretz* on the first day of Netanyahu's trip to Moscow, journalist Barak Ravid noted: **"It wouldn't be exaggerating to say that the ties between Israel and Russia have never been better. It's a fact.** The volume of trade and tourism, as well as security and diplomatic co-operation, are at their peak."

"To compare," wrote Ravid, **"During this same period, Netanyahu has met with President Barack Obama only once."**

"Russia is a global power, and our relations are getting closer," Netanyahu said in a statement ahead of his visit.

After a lengthy meeting at the Kremlin, Netanyahu said that while his visit marked 25 years of relations, "we are focused mainly on looking forward to the next 25 years."

Statements from the bureaus of both leaders said the two men discussed **Middle East issues, including the worsening situation in Syria, as well as co-ordination between their respective militaries, trade and cultural ties.**

Bill Koenig in Washington says: "I'm sure the US won't appreciate this *blooming Israel-Russia friendship*, especially given the overwhelming support for Israel on Capitol Hill.

This may be a way that Bibi Netanyahu says *to Obama*:

"It serves you right for not stopping the Iran deal! I [Bibi] have decided to gain my own protection by getting into the Russia axis."

The Obama Administration says they are planning on agreeing to a huge increase of money to be given to Israel for its defence before leaving office; but what will they want from Israel in return? One demand may possibility be for more co-operation from Israel in its talks with the Palestinians during Obama's final seven months in office.

FRENCH PUSH FOR AN INTERNATIONAL SUMMIT ON THE PEACE PROCESS

Netanyahu warned the French leaders that he opposes their attempts to broker a peace process summit, as peace can only be possible when there are **direct talks** between the parties concerned.

NETANYAHU WELCOMES EI-SISI'S PUSH FOR “ISRAELI ~ PALESTINIAN PEACE”

An alternate plan has come from Egypt’s President, Abdel Fattah El-Sisi. He has been pushing both Benjamin Netanyahu and Mahmoud Abbas to meet in Cairo for peace talks. He has advised them that the best way forward is to adopt the **Arab Peace Initiative** — that is a **2002 Arab League proposal that offers Israel normalized ties with the Arab world in return for a full Israeli withdrawal from all territory captured in the 1967 Six-Day War.**

Such a deal would mean an Israeli withdrawal from the West Bank and Golan, the recognition of a Palestinian state, and a settlement of Palestinian refugees.

Netanyahu said: "Israel is prepared to co-operate with Egypt and with the Arab states to advance the diplomatic process and the stability in the region." But subsequently, he told Likud ministers, that he will never accept the original Arab Peace Initiative as **it is**, as a basis for negotiations between Israel and the Palestinians. Netan-yahu said the Arab peace initiative **must be rewritten.**

ARAB LEAGUE: “NETANYAHU IS USING SAUDI PLAN TO DODGE FRENCH PUSH”

“Netanyahu’s recent interest in the Arab Peace Initiative stems from his desire to elude the current French peace drive,” the Arab League chief said, claiming further that the Israeli leader is also motivated by eagerness to expand trade in the Middle East — without reaching an agreement with the Palestinians.

Speaking to a pan-Arab daily newspaper, *Asharq Al-Awsat*, the Arab leader, Nabil Elaraby, dismissed Netanyahu’s new openness to the Arab Peace Initiative. “He doesn’t really want the Arab Initiative; its terms are well known,” he said. - *Times of Israel*

NETANYAHU: “WE WANT PEACE, BUT WON'T DIVIDE JERUSALEM”

The Israeli PM said that the Israeli capital of Jerusalem will never again be divided, while also reiterating his commitment to restarting peace talks with the Palestinians who, in any peace agreement, would want to see East Jerusalem as the capital of a future Palestinian state.

ABBAS DEMANDS ISRAELI WITHDRAWAL TO '67 LINES

PA President Mahmoud Abbas said that the Palestinian people will not accept anything less than a full Israeli withdrawal from the territories Israel captured in the 1967

war, and the establishment of a Palestinian state with East Jerusalem as its capital.

ISRAEL ELECTED TO CHAIR U.N. COMMITTEE FOR FIRST TIME

The UN General Assembly has elected Israel to chair one of its six permanent committees, for the first time in the world body's history. Israel secured the chairmanship of the **UN's legal affairs committee** with 109 votes from the 193 member states. The Palestinians and Arab countries voiced strong objections to the choice of Israel.

The role, while largely symbolic and procedural, is expected to boost Israel's profile at the UN. As head of the legal committee, it will report to the General Assembly on matters relating to international law.

The UN's five other standing committees oversee the areas of disarmament, economic and financial issues, human rights, decolonization and the UN budget.

Israel's UN Ambassador Danny Danon told reporters he was "very proud to be the **first Israeli to serve as the chairman of a UN committee.**" "Israel is a world leader in international law and in fighting terrorism," he added. "We are pleased to have the opportunity to share our knowledge with the countries of the world."

SYRIAN WAR DEVELOPMENTS

U.S.-BACKED KURDS, & RUSSIA-BACKED SYRIANS, ADVANCE ON RAQQA

A US-backed Kurdish-Arab alliance from the north, and Russian-backed Syrian troops from the southwest, are set to catch the Islamic State in a pincer movement as they advance on the terror group's stronghold at Raqqa.

IRAN'S ARMY CHIEF TAKES COMMAND IN SYRIA

MAY 3. The chief of staff of the Iranian military, Major General **Hassan Firouzabadi**, arrived in Damascus on April 30 to **assume direct command** of the Iranian, Syrian and Hizb'ollah forces fighting in Syria. His arrival shows that **Iran has significantly stepped up its military involvement in Syria.** Sources close to Ayatollah Ali Khamenei said that the general is "to **personally supervise the battles and the borders that were determined.**"

THE ISLAMIC STATE

ISIS THREATENS GLOBAL WAR WITH ISRAEL

Islamic State threatens Israel, saying that unlike Hamas, the "war on Israel will not be limited by geographical boundaries or by international norms."

Recently there has been a **major escalation of the ISIS threats against Israel.** In a co-ordinated manoeuvre by all of the ISIS commands in the Middle East, the

terrorist organisation simultaneously released at least **10 videos** that show, they said, ISIS forces **on their way to attack targets in Israel**.

Our sources report that every video contains the following sentences:

“We know that the Egyptian army is being helped by Israeli intelligence and the Israeli Air Force in its war against us.” “We also know that Israel set up intelligence networks within the population of the Bedouin tribes in the Sinai; from now on we will take action against Egyptian and Israeli targets as one.”

These comments are intended to counter efforts by the Egyptian military to establish anti-ISIS militias among the Bedouin tribes. ” - DEBKAfile

ISIC FIGHTERS ON ISRAEL’S NORTHERN BORDER

Israel is increasingly concerned about the presence of ISIS-related terrorists on its northern border in the Israeli part of the Golan Heights - only 20 miles from the Galilean town of Safed with a population of 27,000.

The *Yarmouk Martyrs Brigade*, with between 600 and 1,000 fighters, has declared allegiance to Abu Bakr al-Baghdadi, the self-styled "*caliph*" of ISIS. They are located in the southern part of Syria – in the part of the Golan Heights ‘controlled’ by Syria - near the triangle where the Israeli, Jordanian and Syrian borders meet. And they are within striking range of Israel.

ISLAMIC STATE EXECUTES ITS OWN COMMANDERS WITH ATTACK DOGS

MAY 23. ISIS is using this and other brutal tactics on its own fighters to instil fear and to command obedience. Several of its leaders were guilty of failing to carry out their duties, so ISIS tied them to trees and set savage dogs on them. The dogs mauled them to death.

MOST ISIS SUICIDE BOMBERS ARE TEENAGERS

The teenagers have been recruited by the terror group. Most of them are family members of Islamic State fighters in Iraq.

ISIS KILLS IT’S OWN FIGHTERS DURING THE FALLUJAH ONSLAUGHT

Not all is going well for ISIS. Fallujah in W. Iraq has been occupied by ISIS for more than two years, but now it has been besieged by the Iraqi Army and their allies who have now almost completely retaken the city. Reports say that many ISIS fighters have thrown their guns away, and made an attempt to escape. But deserters are routinely executed by their ISIS masters.

Because **ISIS cannot cope** with such large numbers of **wounded fighters**, they have reportedly been killing them to avoid a bad psychological effect on the other fighters.

TRAGEDY -

FALLUJAH'S SUNNIS GIVEN INTO IRANIAN HANDS

21 JUNE. There has been harrowing reports of the death and destruction wrought by ISIS in Fallujah. But the human disaster worsens as tens of thousands of the city's Sunni residents flee for their lives. Some are escaping the intense fighting, or because their homes were destroyed.

But many Sunnis are fleeing in **dread of their "liberators,"** the **pro-Iranian Iraqi Shi'ite militias** that have captured the eastern and central parts of Fallujah.

These militia take their orders from Iranian General Qassem Soleimani, commander of the Al Qods Brigades, and Brigadier General Mohammad Pakpour, commander of the Revolutionary Guard Corps ground forces.

There is not much difference between the barbarous acts perpetrated by ISIS and the savagery of Shi'ite militiamen against the Sunni dwellers of the Iraqi city. In many cases **it is even worse.**

The pro-Iranian fighters are burning down and blowing up houses, murdering and raping women, and executing children and the elderly with bayonets or gunfire.

The *Iraqi Special Republican Guard* (SRG), which participated in the capture of the city centre, withdrew from the parts of Fallujah after the pro-Iranian fighters entered. They did so even though Iraqi PM **Haider Al-Abadi** had **promised** the US that the SRG would protect the city's Sunni population from the Shi'ite militias. In fact, **the Iraqi soldiers opened the door for the atrocities.**

American sources in Washington and Baghdad have reported that President Obama and his top aides are furious with Al-Abadi for not keeping his promise. But military and intelligence sources point out that none of this would have happened **were it not for US military involvement in the war on the side of the Iranians.**

HIZB'OLLAH (Lebanon): PREPARING FOR THE NEXT CONFLICT WITH ISRAEL

Hizb'ollah says it is digging tunnels and placing rockets on Israel's border "**to make the Israeli enemy lose sleep.**" The tunnels are being built with underground ventilation systems that prevent moisture from damaging equipment.

GALILEE THREATENED WITH NUCLEAR OPTION

The threat of war on Israel's northern border has increased in recent months. Hizb'ollah, the Iranian-backed terror group based in Lebanon, is threatening to blanket northern Israel with missiles and rockets that can reach the Israeli towns surrounding the Sea of Galilee, and that promise a **nuclear-like explosion** by

targeting ammonia-producing plants in Haifa. They can now attack from Syria as well as Lebanon.

Hizb'ollah leader, Hassan Nasrallah, has threatened Israel by saying, "Hizb'ollah has a **'nuclear option.'** A few missiles aimed at a few ammonium plants would cause the same amount of death as a nuclear bomb." The threat is that "**several missiles,**" launched from Lebanon onto ammonia storage depots in the Israeli port city of **Haifa**; would "lead to the **same impact** as a **nuclear bomb.**"

Nasrallah claimed that exploding 15,000 tons of the toxic gas in a densely populated region of 800,000 people would lead to tens of thousands of casualties.

“THE NEXT ISRAELI ~ HIZB’OLLAH CONFLICT WILL BE AWFUL!”

Hizb'ollah is a well-funded, violently anti-Israel terrorist Shi'ite organization based in Lebanon, and is a puppet of the Iranian regime. It has a nasty collection of more than 130,000 rockets, missiles, and mortars aimed at Israel. This is a bigger arsenal than all NATO countries (except the United States) combined.

Former Major-General **Yaakov Amidror** of the IDF (Israel Defence Force), asks, "Why does Hizb'ollah need an offensive arsenal bigger than that of all Western Europe? "You don't collect 130,000 missiles if you don't intend to use them."

Included in Hizb'ollah's arsenal are about 700 long-range, high-payload rockets and missiles with names like **Fateh-110** and **Scud D**. They are capable of taking down entire buildings in Tel Aviv or Jerusalem, wreaking havoc at Israel's major military bases, killing thousands of Israeli civilians, shutting down the nation's airports and ports, and taking out the electric grid.

Yaakov Amidror is talking about the **M-600 missile**. It's a fairly accurate ballistic missile that weighs more than a **Hummer H2** and carries a formidable warhead. The M-600 can also deliver chemical weapons.

A single M-600 could wipe out a good chunk of Times Square and maim and kill people four football fields away from the point of impact. And **Hizb'ollah has a lot of M-600s.** - *Mohammed Zaatari / AP*

Amidror talks about how Israel will be **compelled to hit Lebanon hard** in the next war with Hizb'ollah!

Jerry Golden in Israel comments: "The simple truth is that Israel knows that what is coming out of Lebanon and Syria is **nothing like we have ever seen before.**

"In the last Lebanon war we saw around 100 missiles fired each day into our cities. The projection for this coming war is over 1,200 missiles and rockets every day, with much longer range and with a higher possibility of accuracy. We know Hizb'ollah has stocked-piled over 130,000 and they are all aimed at our cities. In

addition, Russia is supplying both **Assad** and **Iran** with advanced anti-aircraft missiles and radar systems.

“It is worthy to note that in Lebanon today, Hizb’ollah is part of the Lebanon government. What that means to Israel is that all of Lebanon is fair game and will be destroyed when Hizb’ollah starts firing the missiles.”

AND WHAT ABOUT GAZA?

Golden also writes: “We know that since the day after the last war with Hamas they have been busy building tunnels to enter Jewish communities with large groups of Islamic terrorists. We hear every week or so that a tunnel has been discovered and destroyed, but we also know there are many we haven't discovered.

Hundreds of millions of dollars have poured into Gaza for Hamas to rebuild the infrastructure, but it has been spent building tunnels while the citizens of Gaza suffer. The truth is that the Islamic terrorist leaders of Hamas can't afford to stop the incitement and tunnel building. If they chose peace with Israel, the money would simply stop flowing into their private bank accounts.

As bad as the Gaza Hamas war preparations are for Israel, it is a small matter compared to the overall picture. In fact it's a distraction from the real threat from the **north**, (Lebanon and Syria), but that is their plan - to keep an open war front with Gaza so as to keep the IDF divided. But Israel is well aware of that strategy and has a solution.”

In mid June, a headline on the front page of the *Jerusalem Post* warned ...

“NEXT WAR WITH HAMAS WILL BE ITS LAST!”

That is a very clear message to the leaders of Hamas as to what they can expect when this war begins.

INTERNATIONAL TERRORISM

GLOBAL PEACE DETERIORATING AS WORLD VIOLENCE HITS NEW ALL-TIME HIGH”

Extracts from Michael Snyder/Economic Collapse blog - June 14, 2016 .

Global violence has reached its highest level in the last 25 years. That's despite a new ranking showing that the world would be growing more peaceful - if it weren't for conflicts in **the Middle East**.

THE ORLANDO MASSACRE

Islamic terror can strike anywhere. Last Sunday, it was a gay nightclub in Orlando Florida, but next time it might be a church or a school. (50 were shot and killed. At least 53 others were shot and injured.)

In fact, next time **it might be your church or your school**. The lone terrorist, 29-year-old **Omar Mateen**, actually scouted Walt Disney World as a potential target, before finally settling on a nightclub. And not too long ago another

Islamic terrorist had already made plans to shoot up a very **large church in Detroit**.

The terrorists are not limiting themselves to just military and political targets. Their goal is to create **fear** and **panic**, and they want as much **media attention** on their acts of violence as possible. So if attacking a church or a school or a theme park will serve their purposes, then that is exactly what they are going to do.

Given enough time, it is inevitable that Islamic terrorists will start hitting schools, churches, shopping malls and sporting events inside the United States *and in other nations*.

Will they attempt a massacre at the Rio Olympic games in Brazil in August?

Eventually, they will get their hands on chemical, bio-logical, and potentially, even nuclear weapons.

So what we have seen so far is just the tip of the iceberg. Meanwhile, many of the top politicians steadfastly refuse to use the phrase "Islamic terror" - because it might potentially offend someone.

The nightmare of Islamic terror has been unleashed in this nation (US), and the things ahead may be absolutely unthinkable.

WHAT CAN WE DO?

Pray, pray, pray for Muslims, that many will be saved in our lands. For God so loved the whole world, and He gave His Son to seek and to save the lost. Now it is happening in the Middle East – many Muslims are turning to Y'shua the Messiah, and are being saved from their fear and bondage.

Why not in other countries? Why not in our own country? Let's pray for Muslims, and seek to **show them the love of our Heavenly Master**.

PREPARATIONS FOR WORLD WAR?

NATO ALLIANCE STARTS BIGGEST MILITARY EXERCISE AMID TENSIONS WITH RUSSIA

JUNE 9. Troops from over 24 countries have begun to take part in the massive 10-day military exercise in Poland, amid severe tensions between NATO and Moscow. The manoeuvres test the alliance's ability to "defend its eastern flank," Warsaw said.

The exercises, code-named *Anakonda-16*, involving **31,000 troops and thousands of vehicles** has been welcomed among NATO's allies in the region, though defence experts warn that any mishap could prompt an offensive reaction from Moscow.

The exercises began amid rising tension in the region, with Moscow warning that a NATO expansion in the east would threaten its national security.

From Germany's *Der Spiegel* came a last-minute warning: NATO's "*Anaconda*" combined war manoeuvres along the Russian borders in Poland and the Baltics

are "**going too far**" and "**playing at real war,**" **nuclear war**. These massive war "**games**" could trigger a **real World War 3**.

A defence attaché at a European embassy in Warsaw said the “nightmare scenario” of *Anaconda-2016*, would be “a mishap, a **miscalculation which the Russians construe, or choose to construe, as an offensive action.**”

The Obama Administration has at the same time **cut off all discussion with Russia** on the ballistic missile defence systems being built by NATO around Russia east and west; and Russian air force pilots and aircraft are themselves **now practicing strikes to destroy these very BMD systems, around the Black Sea.**

Russia's Consul-General in San Francisco, at a Schiller Institute's seminar in that city, responded to a question from US Senator Mike Gravel: “I share the understanding that we are **very close to a major conflict**. And I add that there is **no possibility** of a **limited** nuclear war.”

VLADIMIR PUTIN WARNS HE WILL RETALIATE AGAINST NATO MISSILES

President Vladimir Putin said Russia will retaliate against the placement of US missiles in nearby countries such as Romania, according to Russia's state-run news agency.

RUSSIA PREPARES TO START TEST-FIRING NUCLEAR MISSILE “SATAN 2”

The missile is expected to have an estimated range of 10,000 km, and tips the scales at 100 tonnes. It claimed its field trials will begin sometime in the Summer at the Plesetsk cosmodrome. The missile, which NATO military experts reportedly nicknamed "Satan," is intended to completely replace the existing R-36M, by 2020.

POLAND ANNOUNCES IT WILL PUT 35,000 TROOPS ON RUSSIAN BORDER

Poland says it will start recruiting in September for a new 35,000-strong paramilitary defence force because of tensions with **Russia**. The force will have civilian volunteers trained in military skills. It is aimed at countering “*hybrid*” warfare of the kind that led parts of Ukraine to break away and pledge loyalty. - BBC News.

Migrants in Germany committed or tried to commit some 69,000 crimes in the first quarter of 2016, according to a police report that could deep concern, especially among anti-immigrant groups, about Chancellor Angela Merkel's liberal migrant policy.

APOSTASY – FALLING AWAY

THE FATE OF BELGIAN CHRISTIANITY

MAY 2. The Church of St. Catherine, built in 1874, dominates the historic centre of Brussels, **the EU capital**. The city of Brussels had declared its intention to convert the church into a fruit and vegetable market. Only the mobilization of the faithful has hindered the city's plan.

90 churches are in imminent danger in the country. With the **radical reduction of the faithful**, many churches have been abandoned. One has been transformed into a brewery; another into a clothing store; others into apartments, or exhibition and concert halls.

Half of the country's churches risk conversion or abandonment. 35 churches out of 110 in Brussels will be closed, as Christian practitioners are just **1.5%** of the population of the European Union's capital. In the future, Belgium will be dominated by 295 mosques (77 in Brussels alone), and then Brussels will be turned into a postmodern mecca for Islam.

BILDERBERGER'S MEET AGAIN IN DRESDEN, GERMANY

GLOBAL TAX ON THE AGENDA

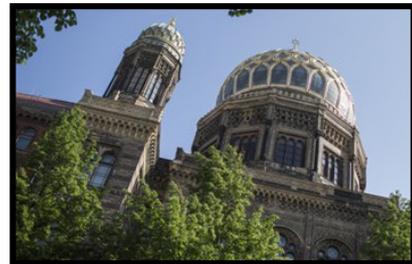

Bilderberg globalists met again - June 9-12 - to determine how best to bring on their global agenda in the days ahead. They are also set to re-invigorate momentum behind **another long term goal** – a **global tax system presided over by the UN**.

Efforts to introduce a **global tax**, which Bilderberg has attempted in the past, will now be focused around three possibilities – **1.** a tax on oil at the well-head, **2.** a supplementary charge for international financial transactions, and **3.** a **green tax on all air and sea travel**.

The *Panama Papers* will also be cited as a reason to impose the global tax on large corporations, although the costs will inevitably be passed on to the public.

The first incarnation of the project will take the form of a “**global body on tax co-operation,**” which will be overseen by the United Nations.

A MOSQUE**

MAY 19/2016. A joint house of prayer for Muslims, Jews, and Christians is to be built in Berlin.

An interfaith group is laying the groundwork for what will likely be the world first ever joint house of prayer. The centre of worship, which will be called the “House of One,” will combine simultaneous Jewish, Muslim and Christian prayer services.

The *House of One* is planned to be built on the site of Berlin’s first church, the Petrikirche.

One of the organizers of the interfaith group behind the planned church/mosque/synagogue, Rabbi Tovia Ben Chorin, said that the *House of One* is a reminder that despite the dark history of Berlin in the 20th century it is now a centre of tolerance.

“For me as a Jew, this city is both the ‘city of wounds’ and the ‘city of miracles.’ In this place our systematic extermination was planned. And it is from this city that an answer has emerged,” said Ben Chorin.

He also suggested that Berlin could become a model for **cultural integration** and **religious tolerance**. “It is a multicultural city, and the idea will spread to different countries all over the world.”

Construction of the building is slated to begin next year. -By David Rosenberg

DESPERATE TIMES!

IN VENEZUELA,

IT NOW COSTS \$200 TO BUY A DOZEN EGGS

The International Monetary Fund has predicted that inflation in Venezuela will hit **720%** this year. That might be an optimistic assessment, according to some local economic analysts, who expect the rate to reach as high as **1,200%**.

A sharp drop in global prices for oil -- on which Venezuela depends for most of its foreign currency -- is a big part of the problem. Critics also accuse the government of irresponsible spending on social welfare programs and oil subsidies to Cuba and other countries.

The food shortage is alarming. People queue up for hours to buy groceries, but most shelves are empty.

UNITED STATES

“THE UNITED STATES IS IN SERIOUS TROUBLE”

Evangelist Franklin Graham said that he was not endorsing any presidential candidates – “but I am appealing to all Americans to pray because this nation is in serious trouble.”

THE COLLAPSE OF CHICAGO ACCELERATES

MAY 29th. Chaos and violence threaten to spiral out of control in America’s third largest city, and nobody seems to have any idea how to solve the problem. After decades of control by the radical left, many parts of the “Windy City” are rotting, decaying, gang-infested hellholes.

Just like Detroit, the city of Chicago is rapidly becoming a joke to the rest of the world, but a horribly corrupt political culture stands in the way of major reform. And just like much of the rest of the nation, a spirit of violence and civil unrest is rising in Chicago. So far this year, the number of shootings in Chicago is up 50% compared to the same time period last year.

LAWMAKERS SEEK TO STRIP RELIGIOUS FREEDOM ACT OF ITS PROTECTIONS

Lawmakers in the US Congress are seeking to gut the Religious Freedom Restoration Act, a move that's causing concern over American religious liberties.

AMERICAN ELECTIONS

Hal Lindsey comments: America is plunging headlong into a presidential election that has already proven itself one of the most tumultuous in our history -- and we're not even to the real race yet! Who would have bet that the three last candidates would be **an avowed Socialist**, **a real estate tycoon** who has never held public office, and a **failed Secretary of State** teetering on the edge of criminal indictment.

Disturbingly, many Christians are becoming more and more confused about what's important, or even what's true. At the same time, more unbelievers than ever are uneasy about what they see happening in the world. They know that things aren't right and they're feeling a sense of impending doom. So where do they turn?

The only sure place to find answers is the Bible — the Word.

“Every **Word of God is tested**; He is a Shield to those who trust *and* take refuge in Him.” (Proverbs 30:5)

“He (*Y'shua*) answered and said, “It has been written, ‘Man shall not live by bread alone, but by **every word** that comes from the mouth of God’.” (Matthew 4:4)

“**Deliver me according to Your Word.**” (Psalm 119:170)

AMEN! AMEN!
